## SUMMARY

---

Software Engineer with experience and extensive education in software design and web development. Fluent in English and Spanish with excellent communication and interpersonal skills. Strong work ethic in a team or individual setting to drive product success and process efficiency. Well-versed in troubleshooting and problem solving skills. Looking to apply my skill set as a Software Engineer to solve interesting challenges and provide solutions that have a meaningful impact.

## EDUCATION

---

Springboard · Apr. 2020 to Current  
Software Engineer Career Track, Certificate

## SKILLS

---

JavaScript (ES6), HTML, CSS, Python 3, SQL, SQL Alchemy, PostgreSQL, Node.JS, Express.JS, Redux, API, Algorithms, Data Structures, Flask, React

## PROJECTS

---

Star wars exploration using React  
Apr. 2021 to Apr. 2021

- A complete Star wars react app for exploring the people, planets, and films of the Star Wars franchise.
- At first, users will not know anything about these topics. Clicking the "unknown" links will allow the user to make an interesting star wars discovery.
- Built with React / Redux / Router/ Axios and utilizing the Star Wars API.

React-Pokedex  
Mar. 2021 to Apr. 2021

- A Pokédex react app utilizing the Pokemon API.
- Ability to choose a Pokemon, and hitting the "Catch one!" reveals a Pokemon card containing it's info.
- You can click the Pokemon card to flip it to the other side. Click "I'm feeling lucky" to generate a random card.
- Built with React.js

## EXPERIENCE

---

Springboard · Software Engineering Fellow  
Apr. 2020 to Current

- An 800-hour course covers key aspects of front-end web development, back-end web development, databases, and data structures and algorithms. Modules include learning resources, practice exercises, projects, and career-related coursework.
- Web Development, JavaScript, DOM Manipulation, Object Oriented Programming, Git/Terminal/Github, Modern JavaScript and Testing, AJAX, jQuery, ReactJS, Redux, SQL, PostgreSQL, Flask, Node, Express, Data Structures and Algorithms.

Raymour & Flanigan Furniture | Mattresses · Operations Supervisor  
Oct. 2013 to Current

- Supervising a staff of 17 associates and increased team productivity by 30% with implementation with new best practices and training.
- Processing 100's of customer orders on a daily basis, consistently exceeding the average by 20%.
- Increased productivity met a 98% customer delivery satisfaction.
- Maintaining daily operation of several assigned shifts that ultimately meets the customer's expectation.
